

Intuitive & Elegant: Modero X-Series Touch Panels from AMX

To achieve the Perfect Meeting requires a user interface that allows meeting participants to control the room environment with confidence and style. Welcome to the Modero X Series from AMX.

The Modero X Series is the most elegant family of interfaces designed specifically for dedicated room control. This new generation of touch panels is built for usability offering edge-to-edge capacitive touch glass with multi-touch capabilities. It features advanced technology empowering users to operate AV equipment seamlessly, while providing the ultimate in audio and video quality. The distinctive appearance will complement even the most sophisticated meeting facilities. With a lightning fast processor, brilliant graphics and enhanced capabilities, the Modero X Series is the control surface that simply delivers more.

The Modero X-Series comes in a wide variety of sizes and configurations to meet the needs of any conference room, boardroom, classroom or auditorium. Each model is packed with valuable capabilities including:

- **Sleek Industrial Design** – The styling is complementary to the Modero S-Series, so you can use Modero S and Modero X and maintain a consistent look throughout the installation
- **Latest Communication Technologies** – Supports Near Field Communication™ (NFC) - short-range wireless technologies that deliver peer-to-peer communication by 'sharing, pairing and transaction' between RF devices like exchanging data/identities
- **Enhanced Usability** – External phone connections via Bluetooth or USB and HD video streaming
- **Graphic Leaps & Bounds** – The Modero X Series features intuitive UI functionality including: gesturing, swiping, dynamic reordering and enhanced animation capabilities
- **Perfect From Any Angle** – Includes In-Plane Switching (IPS), the latest technology in popular tablet/mobile devices that delivers the widest viewing angles and the most accurate color reproduction on the market.
- **Portrait / Landscape Modes** – The Wall Mount touch panels are ideal for scheduling applications and can be mounted in either portrait or landscape mode.

From the most sophisticated boardroom to the smallest Huddle Space, AMX has the right Modero X Series Touch Panel to make your meeting Perfect.
